

Perkins V

Strengthening Career and Technical Education
for the 21st Century

Grant Overview

Perkins V expands opportunities for every student to explore, choose, and follow career and technical education programs of study and career pathways to earn credentials of value.

Alignment to Panorama Products

Panorama helps schools and districts strengthen CTE opportunities and programs of study, monitor pathways, support graduation readiness, and improve visibility into progress for students and counselors.

Panorama Pathways

- Tracks graduation, CTE, college, career, and distinction progress in one place for students, counselors, and leaders
- Automates audits, flags errors, and identifies students who are off track for credits, milestones, or pathways
- Supports student and family visibility into progress and helps leaders make better planning decisions with district-, school-, and student-level data
- Includes Career and Technical Education (CTE) Pathfinder, which helps students discover and save career pathways aligned to their coursework, interests, and goals, while giving educators, families, and district leaders clearer visibility into progress toward local graduation and CTE requirements

Student Success

- Can support broader student-success factors that affect CTE participation and completion, such as attendance, interventions, and behavior

Solara with Class companion

- Can help staff create student planning resources, outreach, and support documents more efficiently using district materials and student context
