

# Stronger Connections Grant

Competitive Grant for Safer, Healthier and More Supportive Learning Environments

## Grant Overview

The Stronger Connections Grant provides supplemental funding under the Bipartisan Safer Communities Act. The program is distinct from regular Title IV, Part A and is intended to support safer, healthier, and more supportive learning environments, especially for high-need LEAs.

## Alignment to Panorama Products

Panorama helps schools and districts strengthen school climate, center student voice, foster safe conditions for learning, and build more coordinated student support systems.

### Surveys & Engagement

- Provides a strong evidence base for climate, safety, belonging, and school experience work through research-backed surveys and reporting
- Can help districts establish a baseline, identify hotspots, and monitor change over time

### Student Success

- Supports coordinated student support systems by helping staff identify needs, track interventions, monitor attendance and behavior, and evaluate whether supports are working

### Solara

- Can help educators create attendance plans, intervention plans, and family outreach materials more quickly and consistently within a secure district-managed environment
