

Title III, Part A

English Language Acquisition

Grant Overview

Title III, Part A is designed to improve the education of English learner children and youth by helping them learn English and meet challenging state academic standards. Funds also support enhanced instructional opportunities for immigrant children and youth and can support family engagement and educator capacity related to multilingual learners.

Alignment at a Glance

Panorama helps schools and districts strengthen support for multilingual learners through progress monitoring, family engagement, staff capacity, and targeted academic supports that help students meet state standards.

Student Success

- Helps educators monitor academic, attendance, behavior, and support data for multilingual learners in one place
- Supports intervention planning and progress monitoring so schools can respond earlier and more consistently

Surveys & Engagement

- Family surveys available in many languages can help districts understand family experiences, strengthen outreach, and improve engagement strategies
- Student and family feedback can surface barriers affecting access, belonging, and support

Solara

- Can help staff draft family letters, student support plans, and educator-facing resources aligned to district approaches and student context

Solara with Class Companion

- Can support differentiated assignments, feedback cycles, and scaffolds that help students engage with grade-level work more effectively
